Census Information. The 2010 Census is here! It is important for District residents to partake in a simple and easy questionnaire that will affect them for the next 10 years. Our job is to ensure that the District of Columbia is counted! The District needs the help of nonprofits and community-based organizations to educate and motivate their constituents about the importance of completing the 2010 Census questionnaire. We want to ensure that when the federal government allocates over 400 billion dollars to communities based on this data, DC gets what it needs and deserves. Census data can be used for grant proposals and to help determine social services needs and funding for nonprofits, community-based organizations and the government. Additionally, census data helps community-based organizations estimate the number of potential volunteers and residents who need services in the community. The 2010 Census is Easy, Safe and Important. Census Day was April 1, 2010. Make sure DC Counts!
